

INTERNATIONAL GAMES

REACH ALL CORNERS OF THE WORLD.

This game is designed for folks around the world who might not be familiar with American pop culture. You'll have fun no matter where you grew up! This internationally-focused and inclusive game limits the amount of American pop culture so teams around the world can play together on equal footing. These games have been successful across six continents. (We're still waiting to play with a team in Antarctica.)

23

The name of what city means "End of the elephant's trunk"?

Johannesburg

Khartoum

Kinshasa

Lagos

Those are the four cities in Africa in the board game Pandemic.
